## EDUCATION

---

### Bachelor of Technology (B.Tech)

2022 – Present

ABES Engineering College, Ghaziabad

Electrical and Computer Engineering

### Senior Secondary Education (Class 12)

Scored 81%

St. Xavier's Sr. Sec. School

ICSE Board

### Secondary Education (Class 10)

Scored 80%

St. Xavier's Sr. Sec. School

ICSE Board

## SKILLS

---

**Programming Languages**      Java, Python, C/C++

**Web Development**            HTML, CSS, JavaScript, React.js, REST APIs

**Version Control**              Git, GitHub

## PROJECTS

---

### Employee Management System

[Live Demo](#)

- Built a React-based Employee Management System with secure authentication and role-based access control.
- Added CRUD features, task assignment, attendance tracking, and real-time notifications in a responsive UI.
- Used localStorage for data persistence and optimized performance for scalability.

### Converso AI – Chat Assistant

[Live Demo](#)

- Developed a responsive AI-powered chat assistant with dynamic message rendering, file upload preview, and light/dark theme toggle support.
- Integrated Gemini 2.0 API for real-time AI responses with typing effects, auto-scroll, and input validation.
- Implemented live previews of uploaded files including images, PDFs, audio, and video using DOM manipulation.

### Quiz Trivia – Online Quiz Platform

[Live Demo](#)

- Built an interactive quiz web application with dynamic question loading; supported over 100 user sessions.
- Integrated Open Trivia API and developed a responsive UI with scoring, navigation, and timer functionality.
- Improved user engagement by 40% through a clean, mobile-first design and intuitive interface.

## CERTIFICATIONS

---

Python Programming – Certified by Kaggle

JavaScript Programming – Certified by GeeksforGeeks

Java Programming – Certified by GeeksforGeeks

React.js Development – Certified by GeeksforGeeks

## EXTRA-CURRICULAR ACTIVITIES

---

Tech Lead – Enigma Coding Club, ABES Engineering College

Mentored juniors, led coding events, and organized technical workshops.

National Hackathon Qualifier

Qualified in two national-level hackathons for full-stack app development and real-time problem-solving.
